2. Submittal to participating clubs the electronic meet results. These results must be in the proper format as outlined on the Results Checklist.
3. Submittal to CSI office the meet database backup file (zipped) via email attachment. Meet database must be reasonably free of errors, such as but not limited to, accurate splits, relay names, USA IDs for athletes whose times are to be loaded into SWIMS and FAST official times tables, etc.

4. Program Operations shall grant all approvals, and may decline an application if the host club has not fulfilled its financial or award obligations to swimmers or to CSI or if, in Program Operations' discretion approval would not be appropriate or in the best interests of CSI's members. Denial of approval may be appealed to the Board of Review.
5. No approval will be granted for any competition if the word "Olympic," "World," "National," "United States of America" or any derivative thereof is used in any manner in connection with such competition unless consent for such usage is obtained from USA Swimming.
