

The Rapids Swim Team is looking for an energetic, experienced, and ambitious coach to join our team. We are seeking a Head Site Coach to help lead and grow our site at the Woodruff Milford YMCA. The position is part time (10-15 hours/week) leading our Milford Site located at the Woodruff YMCA.

The hours needed are approximately 5:00-8:00 PM weekdays, weekend morning practices and weekend swim meets. Weekend swim meets average 1-2 weekends per month. Exact weekends hours are based on availability. This position will have the possibility of working with all levels from Novice through Senior levels.

The Rapids Swim Team is a 170 athlete, parent-board managed, non-profit swim team. We compete at meets ranging from local USA meets to local Championships meets such as CT Senior Championships, and upwards to national level meets such as Eastern Zone Sectional championships. We've had swimmers qualify for Futures, Senior Nationals and Olympic Trials and were awarded Bronze Level status by USA Swimming in 2022.

Our team philosophy is that all athletes deserve the attention and instruction to meet their potential and that as coaches we are here to guide them through their youth to achieve their highest goals both in and out of the pool. We have a close knit group of swimmers, coaches and families, with a "family feel" from a small town but we believe that we can compete at the highest level against the largest teams.

Prerequisites to apply:

- Must be available late afternoons, evenings and weekends.
- Must have experience working or competing in a USA swim program or equivalent.
- Must have or be willing to get certifications for Lifeguarding, CPR, First Aid, and all CT/ USA Swimming educational requirements.
- Must enjoy working with athletes of all skill levels ranging from developmental to senior.
- Must approach the sport from a mindset of working hard and loving the sport of swimming. It is what we ask of all our swimmers and our coaches

Compensation will vary based on experience and availability.
